

*Class sixteen of the
Information Technology
Managers Academy presents:*

California IT: A Commitment to Green

What is ITMA?

- ☀ A year-long academy with the goal of turning today's IT managers into tomorrow's IT leaders
- ☀ Hosted by the Department of Technology Services
- ☀ We are the 16th academy – ITMA XVI – and we represent 25 different state departments
- ☀ Each academy selects and completes an IT-related class project designed to improve state government
- ☀ Our project: **California IT – A Commitment to Green**

Why Green for ITMA XVI?

Our project helps California and its IT managers:

- ☀ Reduce impacts on the environment
- ☀ Realize cost savings through energy reduction and rebates
- ☀ Position California as a desirable **Green** IT employer
- ☀ Provide common statewide tools and information that will help state IT managers implement **Green**
- ☀ Align with many state and national **Green** strategies

Partners of Green

☀ OCIO

- ☀ Green best practices and policies, and the Green web portal
